

## NORDIC QVFR Clear Flame retardant varnish B-s1,d0

Nordic QVFR Clear offers invisible protection to B-s1,d0 for indoor walls and ceilings. Nordic QVFR Clear is a flame retardant varnish for protection of wood based substrates.

It does not need a top coat.

Nordic QVFR Clear is a two coat system, and has to be applied in the correct order: Nordic QVFR Clear 1, followed

by Nordic QVFR Clear 2. It is a thin film varnish.

Nordic QVFR Clear is water based. It is tested for the European market, with EN 13501-1 classification to **B-s1,d0**, and it has been tested for Indoor Air Emissions.

Matt, satin or gloss finish.
